! The Problem

✕ Scattered Study Resources

Students struggle to find structured, syllabus-relevant study materials in one place.

✕ Fragmented Tools

Notes, past papers, MCQs, and revision guides are spread across multiple unreliable sources.

✕ Generic AI Limitations

Standard AI tools lack curriculum alignment, giving non-specific or off-syllabus guidance.

💡 Our Solution — Studlio

Unified Learning Hub

All-in-one platform for syllabus-aligned learning, practice, and revision.

Personalized Experience

AI tailors learning content and pacing according to each student's needs.

How Studio Works

AI Features

Concept Simplifier

Explains complex theories into clear, digestible, bite-sized lessons suited to student levels.

Adaptive Question Engine

Generates real-time practice questions that adjust difficulty automatically based on performance.

Weak Area Spotter

Identifies knowledge gaps and pinpoint exact topics that require additional review.

Smart Revision Creator

Automatically generates targeted study guides and flashcards prior to board examinations.

Target Users

Matric Students

Focusing on foundational board curriculum and step-by-step guidance.

O-Level Students

Prepped with Cambridge/international syllabus-aligned resources.

Intermediate Students

Advanced subject deep-dives for higher secondary board goals.

Board Candidates

Targeted exam prep with past paper drills and speed tests.

★ What Makes Studlio Different

Curriculum-Focused

Directly mapped to board syllabi rather than broad, generic facts.

Hyper-Personalized

Adapts learning path dynamically based on individual progress.

Multi-Format Learning

Offers notes, audio, MCQs, and interactive AI assistance simultaneously.
